## Tributes

Hey Granny,  
This is a hard one a real hard one. Never thought I would have to say goodbye like this granny. You mean way more to me than you know. We love you forever and I know in my heart that you will continue looking over us. I'm glad we were able to talk to you before this. Our Monkey Butt Meg Poo is going to miss you so much. So many memories that we will cherish forever.  
I love you granny  
-Carmen-

Moma,  
I really don't know what to say, I have no words to express, how sad I am that your gone from me and I can't talk with you at any time I want or need to. But I am grateful that I did get to spend time with you before you left for heaven.  
Thank you for being my mother.  
Loving you forever  
-Sylvia-

If I would have known the last day, I would have seen you I would have said goodbye and no longer cry  
Through the pain through the tears, I don't know why you left me this way but at that moment God was calling your name.  
On the same day I had to accept that my granny left as a soldier and not a wimp.

A woman that was beautiful on the inside and out but don't get it twisted she would tell you quick to watch your mouth.  
But everybody behind you knew what you was about a real woman in disguise that will look you in your eyes and tell you that your not very wise

A strong and delicate woman that had everything she ever wanted she brought happiness and positivity. She never let anything get in her way but she wouldn't hesitate to put you in your place.

Even though she faced her own battles she always kept her head high but how my granny is smiling from the sky at the end of the day she never wanted us to cry but we all know that it comes to a time that we have to say goodbye.

-Jada-

Granny, you had the most beautiful soul and was the best grandmother a grandson could ever have. You always had a contagious smile and down to earth personality that in any circumstance people naturally gravitated towards you. Your Joy and Happiness was so pure and so contagious that even when we were having a bad day, you would make it better with one of your famous breakfast sandwiches, an apple with cheese, green grapes or some candy that you had laying around all the while, while we watch movies in your cold room. You always looked after us and did what you thought was best and always aimed to cheer us up in case we was upset about anything. Granny your personality is 1 in a billion. There will never be anyone else like you. I am so grateful and blessed, to have you as my grandmother and was able to have that loving relationship with you all my life. Without you all of us wouldn't be here for you today... I love you, we love you, and will miss you dearly until it's time to meet again...

-Love your, Monkeybutt

What can I say about the most beautiful woman that I've ever known, yeah that's right my mom Miss Rosie Lee Ross the queen of Queens my five star general my rider. That never let me down never sugarcoated anything to me and kept the beautiful love consistently for me and mine one hell of a woman that will truly be missed but never forgotten. I wish I could have done so much more for you in this life. I'm going to miss the big beautiful smile with your teeth in or out and the hugs that melted me. Mama I was thinking about the heist we have done before you were the best getaway driver ever never scared or never nervous just ready and aware but like you would tell me you are the one doing it, I'm just a driver, it's a lot of things that they don't know about you I know he gave me a very special mother and I valued every second of it. Now we lay your body and the comfort that I get is imagining the hugs and kisses that you are giving to Trinnance. So, tell him to keep his boot laces tight just in case somebody might try him, and we'll see y'all soon but not yet we still have a lot of work to do down here. From your number one-foot soldier Johnny Edward Ross best believe I'm going to keep your bloodline going.
